## EVALUATION FACTORS FOR AWARD

**1. GENERAL:** The government shall award a contract resulting from this solicitation to the responsible offeror whose submission, complying with the instructions and conforming to the solicitation, represents the best overall value on the basis of an integrated assessment of the evaluation factors for award. Once all evaluations are complete and tabulated in accordance with the Source Selection Plan, the government will make a series of comparisons among the offerors by comparing the tabulated scores to the evaluated price or. From these comparisons the government will determine the offeror who offers the best value, to the government. This is a subjective evaluation process.

**2. RELATIVE IMPORTANCE OF THE EVALUATION FACTORS:** Since an Offeror must comply with the instructions contained in the Instructions to Offerors it behooves an offeror to read carefully the instructions as the Contracting Officer may eliminate an Offeror from further consideration for failure to comply with the instructions. In deciding which of the offerors, complying with the instructions, is the best overall value the government will consider the following factors, listed in order of importance unless otherwise noted:

- 1.      Cost/Price**
- 2.      Past Performance**
